SITUATIONAL LEADERSHIP®: BUILDING LEADERS

LEADING WITH EMOTIONAL INTELLIGENCE

Situational Leadership®: Building Leaders introduces participants to the **Situational Leadership® Model** and equips leaders with the necessary tools to skillfully navigate the demands of an increasingly diverse workforce and evolving global marketplace.

Leading With Emotional Intelligence gives participants an in-depth understanding of the influence emotions have on thoughts and actions, and ultimately, the effectiveness of the leader. By harnessing the power of Emotional Intelligence, leaders can apply these attributes to motivate and engage their teams and increase performance.

Note: You can attend one or both of the workshop courses.
