SITUATIONAL LEADERSHIP®: BUILDING LEADERS

LEVERAGING YOUR POWER TO INFLUENCE

Situational Leadership®: Building Leaders introduces participants to the **Situational Leadership® Model** and equips leaders with the necessary tools to skillfully navigate the demands of an increasingly diverse workforce and evolving global marketplace.

Leveraging Your Power to Influence explores the dynamics that exist in the seven distinct, but highly interdependent, bases of power. Participants will learn how to build and leverage their influence potential up, down and across the organization.
